COACHES OF RIVAL TEAMS SWITCH PLAYERS AROUND JUST BEFORE GAME TIME

Ideal Football Weather Greets Arrivals at Cambridge Stadium-Freight Wreck Delays New Yorkers an Hour on Way to Battle.

BY ROBERT EDGREN.

STADIUM, CAMBRIDGE, Nov. 20 .- Yale and Harvard met here to-day en a half dried field and with a wintry gale howling over the stadium. The sky was partly clouded over, but there was no indication of the threatened showers. Yesterday's torrents made the football field a sea of mud. Most of this drained off over night. Early in the morning the ground tenders poured gasoline over the wettest part of the gridiron and set fire to it. An hour or two of fierce heat gave the ground a well dried crust. The gridiron looked as if a prairie fire had swept over it. New chalk lines were laid down on the now blackened earth and everything was ready for the game. The approaches outside the stadium were heavily covered with straw.

At noon the advance guard of the great crowd came war ring down the bridge. It was a little too cold for the early rush. Down through the city of Boston the main lines of traffic became a congested mass of automobiles and taxicabs. Long lines of machines stood before ever/ hotel, slowly filling with people who atreamed out of every doorway. Most of the touring cars from out of town had their winter tops on and their assengers rode as comfortably as if in Pullman cars.

As the automobiles arrived in Cambridge they were stopped before they reached the bridge across the Charles River and were allowed to park on the streets bordering the river. The bridge was reserved entirely for foot passeagers. Over an hour before game time the bridge was thronged with marching thousands. Soon the great cold gray expanse of the stadium began to show touches of color. A predominating tone of blue began to appear on the eastern side where and putting and handling passes. Sevthe Yale rooters will soon be banked. Crimson flashed on the west.

At game time the Crimson still ruled a favorite, with Yale men holding back for 2 to 1 odds, which Harvard supporters were not particularly keen

about giving. Both teams will have changed lineups. Cowen will replace Taylor at guard for Crimson. Parker Allen, a the other great football arenas. substitute, will take Wiedman's place at right, and for Yale G. Sheldon will go in at left ackle instead of Gates. BLUE PREDOMINATED ON EAST-

ERN SIDE OF STADIUM. Because of the tremendous demand or tickets unusually large stands had been erected at the end

Extra seats had been erected along the top of the stadium wall to allow 50,000 people to see the game.

All of the spare tickets were allotted to the college students. Even at the last moment it was impossible to buy any seats from speculators. Yale's startling showing against Princeton last week aroused such interest in to-day's game that 100,000 seats could easily have been disposed of. At a quarter past I o'clock solid mass of spectators was marching steadily over the bridge which leads to Soldiers' Field and struggling past ticket takers at the entrance

From the top of the lofty stadium wall the view was superb. From every direction miles of streets were pour int out lines of automobiles.

tween Fordham and the Carlisle Indians here this afternoon. The Redskins have always been warm favorites in this city, and it was no surprise that the biggest attendance of the season at this field saw today's battle. Coach Vaughn was confident his men would make up for the reversal of form they displayed in their defeat by Georgetown.

The Indians have not done much on the gridiron this season. They keening feel the loss of Pop Warner, their old instructor.
